The Tri-City Shrine Club's parade on Saturday and program of weekend events to honor Roy L. Wilimzig Jr. of Granite City, Ainslie Shrine Potentate, will bring an estimated 20,000 persons of central and southern Illinois to the Quad-Cities area Friday and Saturday, program officials said today.

Since a major phase is planned Saturday, including what is expected to be the largest parade ever staged in the Quad-Cities, most of the visiting crowd is expected in the area early Saturday for a full day of gala events. Flags and banners are to be unfurled in many parts of the area in preparation for the program which will get under way Friday night when bands will furnish music for dancing in the Nameoki Village and Belleme Village Shopping centers and in the downtown business district.

The city will block off Edison avenue from 10th street to Nidringhaus avenue for street dancing in the downtown area.

Entertainment in various parts of the area is planned throughout the entire day. Bands, drum and bugle corps units and drill teams will present programs in a continuous schedule of entertainment throughout the day.

The event will not be without its more serious side, however. Following the parade, Ainslie Shrine will conduct its annual spring ceremonial in East St. Louis, highlighted by initiation of more than 125 candidates.

In addition to dancing Friday night, several Shrine units will play area-wide entertainment. Ainslie Shrine will furnish the National Champion Drum and Bugle Corps, a brass band, clowns who will distribute candy and balloons, a motorcycle unit and drill teams will present programs in a continuous schedule of entertainment throughout the day.

Hospital's Campaign Swings into High Gear

Over 325 Volunteers
Attend Kickoff, Accept
\$200,000 General Goal

(Pictures on Page 12)

"It was organized confusion," Patricia D. Koch, M.D., General Solicitation chairman in the St. Elizabeth Hospital Expansion Fund, said Tuesday evening when more than 325 members of the men's and women's sections started card selection at the kickoff meeting in the Granite City high school cafeteria.

Men's and women's sections each accepted a \$100,000 goal, and the time of the meeting was set when Delaney J. Davis, president of the castings division of General Steel Industries, a national campaign general chairman, said it was time to forget the minimum goal and strike out to achieve our challenge goal of \$1,500,000.

Selection of the more than 10,000 cards on racks around the room followed a buffet-style dinner in which the invocation was given by the Reverend Freddie Butler, minister of Union Baptist Church of Brooklyn.

Sister Mary Thomas, CDP, hospital administrator, in speaking on the subject "St. Elizabeth at the Crossroads," said, "A hospital cannot exist on its own efforts alone. It takes the help and support of the entire community of which it is a part."

Share of Responsibility
Dr. Koch, in addressing her remarks to the workers, said, "We all share a responsibility. The road to ultimate success is not an easy one, but success can be achieved through dedication and hard work."

Joseph W. Glik, president of the Lay Advisory board, stressed that only by aiming at the challenge goal of \$1,500,000 could additional bed space be provided to meet the increasing community needs.

General Co-Chairman Davis reported that while the Advance Division was only at 25% of its \$400,000 goal, he was confident that there was sufficient potential remaining to reach and exceed the quota.

He also said that the Industrial Division, now at 70% of the \$400,000 goal, would reach this figure. Davis praised hospital employees whose \$85,000 in pledges now totals 113% of the \$75,000 goal.

Head for Top Challenge
In giving the present reported total of \$790,142, Davis said, "It requires a community effort to achieve the goal that is before us. It is time to forget the minimum goal of \$1,000,000 and strike out to achieve the challenge goal of \$1,500,000."

EDITORIAL

This Saturday, May 6, is "Bargain Day" for Granite Cityans.

The bargain? All Granite City sewer needs can be solved at low cost by voting "Yes." But the sewer bond program must be approved Saturday or the cost will be much higher.

There are four major elements of the bargain:

1. Immediately, stormwater sewers will be installed in a large central area of the city, ending flooded streets and sewage backups and overflows. All other areas of Granite City also will benefit immediately; their sanitary sewage will have a place to go during rain, ending basement backups and eliminating raw sewage in streets and yards throughout the city. Cost will be \$3.4 million, of which \$1.9 million will be paid from tax-secured bonds and \$1.5 million will be federal grant money.

2. Also immediately, sanitary sewers will be constructed in all areas lacking them—North Granite, West Granite and Mercer drive. Residents of these areas will pay for them through revenue bonds, but the \$225,000 cost will be cut to \$125,000 through use of part of the federal grant.

3. With passage of the \$8 million bond issue Saturday, Granite City will be able to take advantage of future federal aid, as and when it is available, to extend storm sewers everywhere in the city and to improve water, where in the city.

AND NONE OF THE UNSED PART OF THE BOND ISSUE, \$6.1 MILLION, CAN BE SPENT UNLESS FEDERAL FUNDS ARE RECEIVED.

4. Cost to home owners will be only 18 cents of each dollar spent for sewers. About 50 cents of the cost is being borne by federal aid, and 32 cents by industry and business.

In considering the bond issue, prospective voters should keep in mind that good wishes are not enough; their direct participation is essential. Unless all vote who desire an inexpensive remedy for the sewer problems that must be solved, they soon may find themselves shouldering the full tax burden, instead of obtaining a dollar's worth for only 18 cents.

For years, Granite City sewer deficiencies have been costly to hundreds of property owners, as well as a health and sanitation menace. They have increased the cost of maintaining local streets. They have made sewage treatment costs higher than necessary.

Now, at long last, a full remedy at minimum cost has been developed by the city government, aided by a Citizens' Committee, comprehensive sewer improvement will be achieved.

Construction phase is undertaken, ultimately handle the stormwater and sanitary disposal needs of Granite Cityans for years to come.

The Press-Record strongly urges a "Yes" vote Saturday.

2nd Sewer Grant Promised to City

Discussing a conference Monday in Chicago, Mayor Donald W. Partney today noted that the Housing & Urban Development Department that about May 19 we will receive notice of selection for a second federal sewer grant."

Answering frequently asked questions, the mayor said a "yes" vote Saturday is vital because "otherwise taxpayers may face an almost unbearable sewer tax in the near future, being saddled with the full cost rather than 50% federal aid and 32% industrial aid."

Work Starts Tomorrow on Sixth Building at SIU-SW

Construction will get underway tomorrow for the sixth major building at Southern Illinois University-Southwestern Campus—a three-story structure which will house key administrative, student services and business offices.

The new building, located just east of the university Center, will provide 100,000 square feet of floor space and will be built at a cost of \$3.5 million.

Many of the functions that will be moved into the new building are now occupying space in former residences on the 200-acre campus.

The R & R Construction Co., Alton, is the contractor for the building. Administration officials announced that state funds also have been appropriated for a Physical Education building, but its construction has not yet been started.

The new offices building is expected to be ready for occupancy by the end of 1968, University officials said.

Material Structure Unchanged
The new building was designed by Guy Obata of the firm of Hellmuth, Obata and Kassabaum, which, with Sasaki, Dawson and DeMay, developed the master plan for the new campus and designed the buildings erected thus far on the campus.

The same materials will be used as in the other five structures—plum-colored brick, precast concrete panels, tinted glass and dark anodized aluminum. The service towers which break up the horizontal lines in the other buildings will be in the rear of the General Offices building.

Architect's drawing of new General Offices building at Southern Illinois University-Southwestern campus, on which construction work is scheduled to start tomorrow. Located just east of the new University Center, the Offices building will provide 100,000 square feet of floor space, will be built at a cost of \$3.5 million. It will contain similar design and same materials as other Southwestern campus structures.

Election Saturday On Improving GC Sewer System

Absentee Ballot,
Sewer Meeting Data

Final public meeting on Saturday's Granite City sewer election is set for 7:30 tonight at Nameoki grade school, 1620 Pontoon road. The plan was explained to small turnouts Tuesday night at Central school and last night at Marshall school.

Absentee ballots for those who will be out-of-town between 6 a.m. and 6 p.m. Saturday may be cast today or Friday at the office of City Clerk Homer "Cal" Pendleton in the city hall.

The Press-Record will compile sewer election returns and may have voting trends by 7 p.m. Saturday. Telephone number is TR 6-2000; poll judges are urged to report their results, which will be relayed to the public.

With the ink hardly dry on the first federal grant and a second federal grant already shaping up, Granite Cityans will go to the polls Saturday confident that combined federal-local financing offers the most inexpensive solution to their sewer problems.

Granite Cityans For Better Sewers, calling the special election "Bargain Day," stress that only by voting "Yes" Saturday can the bargain be obtained and higher costs avoided.

"We must improve our sewers. We have no real choice. And unless we act now, paying only 18 cents for each dollar of sewer cost."

**Mayor Partney,
Miss Druhe Wed**

Announcement was made today of the marriage of Mayor Donald W. Partney of Granite City and Miss Ruth Ann Druhe, instruction coordinator for students at St. Elizabeth Hospital.

The ceremony was performed Saturday in Hillsboro, Ill. The former Miss Druhe is a daughter of Assistant City Engineer and Mrs. Lawrence Druhe, 2237 Lee avenue. The couple is residing at 2600 Illinois avenue.

'Yes' Vote Accepts Grant

The 27-year timetable on the ballot permits an initial \$1,300,000 bond issue to be combined with a \$1,500,000 grant that has been guaranteed if most votes Saturday are an "X" for "Yes."

Since the single ballot question covers all Granite City sewer needs, the U.S. Department of Housing & Urban Development has indicated that a "Yes" vote Saturday will give Granite City a "head start" in obtaining several additional major grants during the next seven years.

Cities that have not authorized a full solution will not have such a competitive advantage, HUD has explained.

The \$1,500,000 aid already granted, which would be lost if there is a "No" vote, is on a 60-50 matching fund basis. It does not equal the \$1,900,000 bonds to be sold because the federal aid is given only for construction.

**Polls Open 6 to 6;
Major Federal Aid If
Voters Accept It Now**

(Voting map on Page 41)

An election widely described as "the most important ever held in Granite City" will be held on a program to provide separate stormwater and sanitary sewers throughout the city.

Voting will be conducted at 16 polling places. The polls and special precincts are listed on Page 41.

The special election is regarded as important because it would authorize a full solution to drainage and sanitation problems that have existed over a long period of years.

A group formed to acquaint the public with the proposal, Granite Cityans For Better Sewers, also emphasizes the availability of federal aid. It estimates that each dollar of sewer improvements will cost property owners 18 cents, with 32 cents paid by business and industry and 5 cents by the U.S. government.

Ballot, Ordinance

The ballot asks, "Shall bonds to the amount of \$8 million be issued by the city of Granite City for the purpose of paying part of the cost of altering and improving the sewerage system of said city by and through the construction of a surface water drainage system and necessarily related improvements to the sanitary sewerage system of said city, said bonds to mature as follows (1968-1994 bond retirement schedule) and to be repaid at a rate or rates not to exceed 5 1/2%?"

The related ordinance specifies that "the city council hereby declares its intention to issue the proposed bonds in increments from time to time for the purpose of paying the city's share of the cost of the entire sewerage improvement project as proposed, at times when funds from federal government grants or other sources will be available to the city likewise to bear a part of the cost of the project."

Any null and void bonds so issued will be issued so as to mature within not more than 20 years of the date of issuance of such bonds.

**Labor, Other
Groups Support
Sewer Proposal**

Due to the brevity of the current sewer election campaign, some organizations did not have an opportunity to take formal action on the proposal. However, key support has developed.

Those urging a "Yes" vote Saturday include a such diverse groups as the Tri-City Trades & Labor Council, AFL-CIO, and the Quad-Cities Ministerial Association and Tri-Cities Chamber of Commerce.

Other organizations taking a stand favoring passage of the sewer program include the Granite City Jaycees, Granite City Optimists and Granite City Rotarians.

Daily Pupil Breakfasts Start at Lincoln School

An experimental breakfast program started today for pupils attending Lincoln elementary school, Venice, will be expanded to include students at the Venice elementary and high schools at the beginning of the 1967-68 school year.

Subsidized with state and federal funds, the program provides a breakfast meal free of cost to children of low income families, while students whose parents can afford the meal will be charged 15 cents per day.

Venice School Supt. John O. Pier explained the breakfast is being offered to students at Lincoln school only due to the limited time remaining in the current school year to implement the pilot project and inability at short notice to reschedule school bus transportation for the larger number of pupils who attend the other two Venice schools. Lincoln pupils who ride school buses arrive at the school at 7:35 a.m.

"We hope to expand the early morning meal to other Venice schools starting in September," Pier said, adding that Ray Sudarth, director of the Illinois school lunch program, has told him the program is projected to run approximately two years.

The current phase will continue until termination of the school year May 26, the board was told. Pier said similar projects, started earlier this year in East St. Louis and the Chicago area, have proved successful.

Reimbursement, Commodities

Under the program, the Venice school district will be reimbursed up to 15 cents per meal. The district also will receive extra amounts of various food commodities from surplus stocks to supplement, both breakfast and noonday meals.

Since early last year, the Venice school district has been the beneficiary of a special reduced-price lunch program, also subsidized by federal and state money. Under this plan, Venice students purchase their midday meal at a cost of 20 cents each, instead of the previous 30-cent charge.

All children are eligible to participate in the breakfast program, Pier said. The meal will include milk, fruit, juice, toast, cornbread or biscuits, and cold or hot cereal, plus one egg and a serving of meat when possible.

Buy Freezer, Refrigerator

Indirectly, participation in the experimental project resulted in the Venice district receiving a substantial financial reimbursement on the purchase of a commercial-type refrigerator and a freezing unit, both to be installed at Lincoln school, the superintendent said.

For the past several months, board members had been considering purchasing the items to replace outdated equipment in the Lincoln cafeteria.

Pier explained that through a conversation with the Illinois school lunch director and a recent inspection of the cafeteria by a field representative, the lack of adequate refrigeration and freezer facilities was noted by state authorities.

He added that the Venice district will receive a 75% reimbursement from state and federal funds for purchase of the new kitchen equipment.

In line with the recommendation, board members authorized acquisition of a Koch K-2 series 47.2-cubic-foot refrigerator and a cost of \$703 and a KF-2 series 47.2-cubic-foot freezer at \$988 from Bensinger Co. of St. Louis, which submitted the low bid. Bids also were obtained from Ford Hotel Supply Co. and Duchess Sales, Inc., both of St. Louis.

According to report filed by assistant Michael E. Leberman, appointed board committees for 1967-68.

Board Committees

In other business, Board President Michael E. Leberman named to the personnel committee were Fred Durer Jr., chairman, and Elmer Taylor and John E. Gonterman; purchasing, Taylor, chairman, and Fred Rumpf and Jack Tolliver; building, Leo Davinroy, chairman, and Durer and Tolliver; and finance committee, Rumpf, chairman, and Gonterman and Davinroy.

Board members hired Miss Irene Hackett to teach English and Russian classes, starting in September, at a salary of \$6030 per year.

They also commended a Venice high school student, David Welch, 1231 Oriole street, whose model church display was voted an honorable mention award in a contest sponsored by the Southern Illinois Builders Association. Pier said representatives of the Venice school will be present at a Belleville luncheon Saturday when contest winners will be honored.

83% Attendance

Assistant School Supt. Robert Vickers told the board that average attendance during April at the Lincoln and Venice kindergartens was 81.49%, while attendance at Lincoln grade school averaged 83.30% and Venice grade school, 83.55%. Venice high school average attendance for the same period was 81.53%, he said.

Bills authorized for payment totaled \$803 from the educational funds, \$971 building fund, \$1803 transportation fund and \$783, Illinois municipal retirement fund. Restricted funds showed a balance of \$2204; activity fund, \$321; and revolving fund, \$919.

Pfc. Cole Completes High School Course

Army Pfc Robert W. Cole, 18, son of Mr. and Mrs. Robert B. Cole, 2913 Cayuga street, has completed his high school education through the Armed Forces Institute's General Education Development (GED) program at Fort Amador, Canal Zone. His wife, Alice, is with him in the Canal Zone.

Pvt. Cole, a truck driver in the 518th Engineer Co. of the 189th Infantry Brigade at Fort Knobbe, entered the Army in February, 1966 and was stationed at Fort Leonard Wood, Mo., before going overseas in April 1966. He attended Prather junior high school before entering the army.

Nameoki to Seek U.S. Funds for Channel Repairs

A request for federal funds to finance the cleaning, dredging and rebuilding of banks of Nameoki Creek was authorized by the Nameoki town board Tuesday night at the suggestion of Harry Briggs, township supervisor.

The board authorized Briggs to file applications for federal aid under the government's anti-poverty program which, Briggs said, would permit employment of "chronically unemployed" persons on such projects. The applications must be filed with the U.S. Department of Health, Education and Welfare.

At the same time the board decided to list possible projects that could be undertaken by a Neighborhood Youth Corps which can be set up by the Madison county Office of Economic Opportunity. That program would employ youths 18 through 21 at \$1.25 per hour for a minimum work week of 30 hours.

Briggs requested the board to officially grant him authority to make application for the Canteen Creek project. He said the creek is silted, filled with debris in many places and its banks are caved in at some points. He said a particularly hazardous condition exists in the State Park Place area where an overflow or washout in a period of heavy rainfall would do extensive damage to residential property.

District Without Funds
Condition of the creek as a drainage channel was discussed at length several months ago in area meetings in which it was pointed out that the Canteen Drainage District does not have sufficient funds to carry out the needed work.

Briggs said he believes the job, to be done properly, would require an expenditure of about \$225,000.

Herbert Polley, a member of the town board, was named chairman of a committee to study possible projects for which the township could obtain services of a Neighborhood Youth Corps. This project would be established and supervised by the county's OEC organization.

Briggs said it is probable that county will be willing to join in a similar project for rehabilitation of the Canteen Creek channel there.

The board discussed tentative plans for making the 1966-67 audit and approved routine bills.

Forged Check Believed Stolen from Clark's

A forged check in the amount of \$47.50 on the account of Clark's Hardware Service, East 21st street and Edwardsville road, was cashed at the Standard Service station, Route 111 and Byrnes 60, and payment was stopped at the First Granite City National Bank. It was reported by Henry F. Werth of the service station on Tuesday.

It was believed to be one of those stolen from Clark's, along with a check protector, in a burglary on April 14. The check was cashed between 4 and 6 p.m. April 21.

The protector and most of the checks have been found by police in the attic of a Granite City home, and an investigation of the case is continuing.

Werth made a positive identification of the check casher through "mug" shots at the Granite City police station but no arrest has yet been made as yet.

Episcopal Church Observing Holy Day

The Rev. Wilbur L. Lear, rector of St. Bartholomew's Episcopal Church, 22nd street and Grand avenue, is announcing that today the Feast of the Ascension, a Holy Day of Obligation, is being observed at the church.

A Mass was celebrated at 7:30 a.m., and there will be another at 8:30.

City to Oppose Bus Fare Hikes by 2 Over-the-Road Lines

Objection will be made by the Granite City council to proposed 10% fare increases sought by the Jacksonville Bus Lines and the DeLuxe Trailways Bus Co.

While the action taken Monday night was too late to file by May 1 deadline with the Illinois Commerce Commission, Alderman Morrissey suggested the city's opposition could be presented with an "amended objection" to be prepared by City Attorney Allen and forwarded to the commission.

There also was a motion by Alderman Robertson for all fare increases to be opposed.

Later in the meeting, objection was raised to two bus stops of the Bi-State Transit Co. taking up space wanted by business people for their patrons.

Tangled Verbally
The objector was Alderman Poulos, who tangled verbally with Alderman Whitmer over a stop now located on the south-west corner on State street at 23rd street. Poulos also requested a bus zone be eliminated on Delmar avenue at the northeast corner at 21st street. He noted that the buses could stop on Delmar in front of Central Junior high.

Whitmer pointed out the State street stop was in a proper location and that it was a major pickup point for persons riding the buses.

Nonn commented that he felt most Bi-State Transit bus stops could be eliminated throughout the city.

When Poulos called for preparation of an ordinance to eliminate the two stops he had specified, Whitmer and Bartosiek called for deferral.

Ward Chandler, the alderman noted that the State street bus stop had gone from the Second Ward into the Third Ward with the recent re-districting.

Placed on file was a notification from the Department of Housing and Urban Development of the appointment of Milton Morales as metropolitan auditor for the two-state metropolitan area. His offices will be at 208 Broadway in St. Louis, and he is to work with the HUD regional offices of Illinois and Missouri to provide information to local governmental agencies, such as cities, on all HUD programs.

Aetna Insurance Co., which started the overall insurance program for all full-time city employees on Monday, advised the city that retirees over 65 will be covered with a supplemental plan. Alderman Fry said representatives of the company will be meeting with all city employees on May 10 to answer any questions.

Alderman Nonn's complaint

that a lien notification had been served on a Fifth Ward resident who is in the process of remodeling a building for three apartments and has been billed \$30 for sewage treatment "even though the plumbing is not connected and no one lives there."

Explains Fee Procedure
City Atty. Allen was called upon for an explanation and said the city ordinance on treatment plant fees even covers vacant lots where a sewer tap-on is possible. The \$30 bill and lien notice for the property in the 500 block of Niedringhaus avenue was referred to the Pollution Plant committee headed by Moerlein.

Nonn called for City Treasurer Rich to hold up further action on the lien.

He was advised by Rich that

liens are being filed against all property owners failing to pay sewage treatment fees. Moerlein added that delinquents total over \$25,000, and if the delinquencies are not collected, it might be necessary to increase the 90-cent monthly charge. Moerlein noted that households are delinquent in the amount of \$14,228, while the schools owe \$6043 (which is being negotiated) and the water company owes \$3348. It was suggested the city stop paying its water bill, if the firm does not pay treatment costs.

Careless Driving Charge
Mack C. Estes, 20, Belleville, was arrested by Venice police at 8 a.m. yesterday at Broadway and Robin street and charged with careless driving. Estes posted his driver's license for a hearing May 17.

The front window of Ricker's Donut shop, 2310 Edwards street, was broken by a vandal. It was reported at 2:45 p.m. Tuesday by Phillip Merz, owner. Damage was listed at \$35.

OUR CHILDREN DESERVE BETTER CARE

Let's start giving the children a break Stop leaving medicines and dangerous household products where they are easily available for our tiny tots to cause themselves possible harm or even death. There are much too many serious accidents.

We must never leave any medicine within a child's reach. After giving or taking any medicine, lock it up safely in a special cabinet. If you must keep household bleaches and other harmful household products under the sink, make the doors which enclose them impossible for children to open.

YOUR DOCTOR CAN PHONE US when you need medicine. Pick up your prescription if shopping nearby. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Bill Page's run-producing homer plus a triple by Frank Eaves and a homer by Ira Martin led the hit parade for Rozycki. Bill Fowler's three singles and two runs added the Rozycki offense. Club Delmar had a run-producing triple by Phil Kindle and two singles by Rich Patterson.

Dairy Master's Ron Scarborough hit two singles and a homer, Jim Peppers tripled and Tom Grady doubled. Don Lesko's four singles led the Zips.

Frank Hied, Ed Modrusic and Jim Ripley all hit homers for Liberty Home. Hied scored two other runs, Modrusic four and Ripley three. Gary Portelli's run-producing triple helped Buzz, but the team could not overcome scoring blitzes by Liberty Home in the first, second and fifth innings.

40 Boats Will Race at Horseshoe Lake Sunday

Forty entries in eight classes will gather for the second 1967 Gateway Arch Boating Association racing program Sunday, May 7, at 1 p.m., at Horseshoe Lake.

It is their second year to use the local lake for racing. A spokesman for the club said it is perfect for boat racing because of the lake's broad expanse, limitless view and, most of all, ready availability to all boating fans in the Madison-St. Clair counties area.

The season opener, held Sunday, April 9, drew many thousands of spectators to the flat banks of the lake.

Ray Dennington, owner of Dennington Boat and Motors, Collinsville, and president of the association, said that Horseshoe Lake has the basic essentials needed for a water recreation area serving boaters, fishermen, swimmers and picnickers.

"It's too bad that the lake isn't developed because revenue from spectators attending our races alone, if the 20,000 crowd we had at our opener is any indication of interest, could provide money to cover costs of some of the usual lake facilities," Dennington commented.

Resort Era Recalled

To area planners, Horseshoe Lake is no stranger. In the early 1900's, the lake was known as a "resort and fishing area" to both Illinois and Missouri residents, who traveled to the lake on trains and street cars.

A number of vacation hotels served families on resort. Of course, at that time, the outboard motor had not yet been developed and the screaming, exciting frenzy of boat racing was not available to entertain them.

St. Bernard Show

The St. Bernard Club of Greater St. Louis is holding its second AKC sanctioned Plan "B" Match at 2 p.m. Sunday in Kirkwood Park. Adams Avenue and Geyer road, Kirkwood. Ribbons and trophies will be given in all classes.

35 Enter Next Speedway Races

Johnny Meyers, Decatur, Dean Shirley, Lincoln, Ill., and Bert Wilson, St. Louis, are among the top drivers who will participate in super-modified-sprint car racing beginning at 7:30 p.m. Friday at the Tri-City Speedway.

Thirty-five cars are entered, including those of Bill Meyers, Wood River, last week's feature winner, Bill Uhl, Sedalia, Mo., Jerry and Cliff Blundy, Galesburg, Ill., Chuck Lynch and Jim Moughan, Springfield, Ill., and Bobby Jones of Indiana.

After qualifying events main races will start at 8:30 p.m.

Elvis Doolin, manager of the speedway, reports that five additional American Motorcycle Association races have been added to the present schedule, upping the total racing programs to 41 for this season.

International Girl Scout Leader Here Studying Troops

One of three International Girl Scout leaders currently in the United States to observe firsthand the new design in leadership training is Mrs. E. W. Parrott of Vancouver, British Columbia, Canada, who described the new program as "very exciting and a complete innovation to previous training methods."

Presently in the Quad-Cities for an official visit as part of more than five weeks' of specialized instruction in the U.S., Mrs. Parrott is the houseguest of Mrs. Edgar Votaw, 2705 Angela drive. Her hostess serves as District IV chairman of the River Bluff Girl Scout Council.

An executive of the Girl Guides of Canada, Guides du Canada, Inc., Mrs. Parrott will remain here ten days to observe implementation of the design for learning program from detailed observation of various River Bluff Council troops.

Before her arrival in Granite City last week, she spent one week in New York City participating in an orientation and briefing seminar, followed with a short stay at the Arlington, Va. Girl Scout training center. For an additional ten days, she also observed training programs and took part in various scout activities in the Chicago area.

On conclusion of her local visit, Mrs. Parrott will return to National Girl Scout headquarters in New York for seven days of evaluation and discussions. At this point she will remain her European counterparts, one representing the Girl Scout movement in Greece, who is assigned to National Girl Scout headquarters in New York, and the other from Sweden, who is in the Boston, Mass., area.

Starting as a young girl in the Canadian Girl Guides, Mrs. Parrott's interest in Guiding continued through her adulthood. For more than 20 years she has acted as a group leader, trainer, discussion chairman and administrative and training executive.

Currently, she serves in several capacities, including training chairman for the Province of British Columbia and a member of the Canadian Training Committee and the National Study Committee.

Interest Searing
Noting a definite upswing in the number of young Canadian girls now interested in Girl Guiding, Mrs. Parrott reports that in Canada there are approximately 125,000 Brownies, from seven to ten years; 90,000 Girl Guides, ten to 14 years; 1500 Senior Rangers, 14 to 18 years, and 200 Cadette trainees, 16-18 years.

In addition to the difference in names, Mrs. Parrott pointed out that the Canadian Girl Guides also wear differently-styled uniforms to their American cousins. She said the Canadian Guides have relinquished their navy-blue outfits, similar in design to the British Girl Guides, for smart open-blue culotte uniforms, pet berets and a kerchief, emblazoned with the yellow Maple Leaf.

She explained that Canada has no professional scouts, such as the American Girl Scout field representatives. All are volunteer workers, from the local and

provincial (state) levels through the national organization.

Also Sell Cookies

She said the movement is financed solely through the annual sale of Girl Guide Cookies, conducted in the same manner each spring as the American Girl Scouts program. Mrs. Parrott added that some office personnel in the provincial capitals across Canada are paid for secretarial duties.

The Canadian visitor voiced great enthusiasm for what she had learned so far relating to the new leadership training design and expressed appreciation to the National Girl Scout organization and the local council for sharing information and benefits of the new program with leaders in her own country.

She said the new leadership training concept developed by the National Council resulted from extensive research by several large American universities which utilized methods prevalent in successful adult education program as the basis.

The entire concept is to permit Girl Scout leaders an opportunity to diagnose their own training needs. A chance to fill the gaps in their own knowledge with the necessary training rather than through a system that demands everyone being trained in the same manner as subjects as everybody else," Mrs. Parrott explained.

Emphasis on Individuals

"Leaders are encouraged to understand each girl's individual abilities and assist her to achieve these goals, as opposed to conforming to a set of goals not necessarily applicable to all," she commented.

The new training design under study since 1963 was introduced to six councils last September. The program is now being carried out in the River Bluff Council through the training of key leaders who in turn will share their knowledge with other leaders at the district levels.

Mrs. Parrott said the Canadian Girl Guides incorporate a scouting program via correspondence for more than 250 girls who live in accessible areas and also sponsors extension handicapped girls. Her studies in the U.S. were made possible in part by financial assistance from the Juliette Low World Friendship Fund.

The visitor's husband, Edgar Parrott, is in the shipping business in Vancouver, one of Canada's largest and busiest seaports located on the west coast.

They are the parents of three sons, John, 20, an arts and sciences student in his second year at the University of British Columbia; Fred, 18, a recent high school graduate, who is preparing to enter college; and Gordon, 15.

The couple also has a daughter, Miss Suzanne Parrott, 23, who will return home in August from the University of Manchester, England, where she is studying for one year in preparation for a career teaching deaf students.

'Thank God for Volunteers,' Army Chaplain Tells Red Cross

The significance of volunteer workers in the far-reaching programs of the American Red Cross served to keynote the annual dinner meeting of the Tri-City Red Cross Chapter Tuesday evening. Approximately 60 directors, Junior Red Cross members, volunteer instructors and their guests attended the banquet held in Wesley Hall at Niedringhaus Memorial Methodist Church.

Noting that enormous efforts are expended by professional Red Cross personnel, featured speaker Chaplain Capt. Merrill O. Challman of the Granite City Army Depot, also paid high tribute to the volunteer workers. He commented, "the old Army axiom 'never volunteer for anything' does not hold true. Thank God we have volunteers, so many tremendous achievements are accountable to the volunteer in military service or civilian life."

The former Miller, Ill., Methodist minister said that people who volunteer their services believe in immortality, not re-incarnation. They are intent upon doing something for God and their fellow man while passing through this lifetime."

Maximum Helpfulness
To achieve maximum helpfulness in any task, Capt. Challman pointed out, you must believe in yourself, help others to believe in themselves, discover in those you are helping their true needs, apply yourself to your task and keep laughter in your life.

The speaker related that the value of Red Cross programs became more apparent since he began serving as a military chaplain. He joined the service in 1943 as an enlisted man and has served also as minister of civilian parishes for eight years.

Capt. Challman commented that he personally observed Red Cross field representatives in Vietnam last year "looking beyond the fact they were aiding soldiers in a combat area and discovering the deep individual needs of the man inside the uniform."

Officers Elected

Jack S. Abalom, who was re-elected chairman of the Tri-City Red Cross Chapter for his second term, presided. A slate of new executives reported by Barry Loman, nominating committee chairman, was voted into office by acclamation.

Those who will serve with Abalom during 1967-68: Melvin T. Gille, vice-chairman; Carl Thornberry, treasurer; and Mrs. Leona Pfaff, secretary.

Three new directors added to the governing board, are Dr. E. L. Strotheide, Mr. Freeman Wolfe and Harry Wolf. Retiring from the board after serving six consecutive years as Red Cross directors were Carl Baczenas and Mrs. Valerie Evenden.

Re-elected directors for second three-year terms were Mrs. Ruby Winters, Abalom; Raburn Phillips and Rev. Sylvester Micek. Former board members returning after a one-year absence, include E. A. Karandjef, Herbert Schermer and Mrs. Pfaff.

Floyd Mitchell Honored

A surprise feature of the program was the presentation of a National Red Cross Certificate and a ten-year service pin to Floyd T. Mitchell of Illinois Power. The ceremony was conducted by Miss Ruth Melrose, National Red Cross field representative.

Currently serving as territorial vice-chairman for Red Cross drives, Mitchell also was cited for his role in promoting the new blood protection program now being offered to labor organizations in the Quad-Cities.

He also was cited as Tri-City chapter chairman for two years; chapter treasurer, three years; and program chairman, seven years. Red Cross representative on the United Fund board, and in numerous other capacities, Miss Melrose explained.

Special honor was paid and service pins awarded to Mr. and Mrs. Clifford Duniphan, who have served for more than ten years as Red Cross first aid instructors in local communities. Reporting as chairman of first aid programs, Mrs. Duniphan said within the past year, standard first aid certificates were presented to 56 Frohardt students; nine Girl Scout leaders; 29 Granite City auxiliary policemen; and 15 persons participating in an open class.

In addition, the instructor said, advanced certificates were issued to 16 Girl Scout leaders and 23 Granite City first defense personnel.

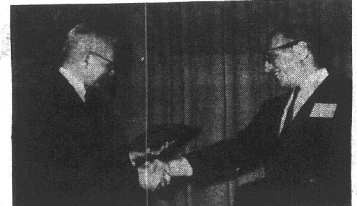

Mrs. Duniphan pointed out that other groups receiving first aid instruction in classes started since January, included the Granite City fire department, Bi-State Transit Corp. bus drivers and students at Madison senior high school. She said future first aid courses are being planned for members of the Granite City police department.

Water Safety Program
Under the supervision of Michael Jesse, water safety certificates issued with the past year numbered 373, it was announced. The total included 172 beginners; 85, six intermediate; 39 junior lifesaving; 53 senior lifesaving; and 23 advanced swimming.

Other highlights in the Red Cross water safety division, showed new instruction programs started at Sun 'n Fun regimens reached more than 300 youngsters and establishment of a successful swim program for handicapped children, Jesse said.

Among projects undertaken by Juniors Red Cross volunteers in the Madison, Venice and Granite City high schools, included making and preparing bags for servicemen in Vietnam; mailing Christmas greetings to 260 Quad-City service personnel; two parties for patients confined at Alton State Hospital; collecting and gift-wrapping toys for 100 children of military men at Lincoln State School; Christmas caroling and assisting with the "talking letter" project.

Red Cross sponsors from the three high schools who were introduced, included Miss Ellen Pollmer, Madison, Omar Butts, Venice, and Mrs. Sonya Adreover.

SIGNIFICANT IMPROVEMENT AWARD
Presented to William T. Slater (right) of M. C. Slater Inc., Granite City, by Ernest G. Cox, chief of the motor carrier safety office of the Department of Transportation in Washington, for the firm's highway safety performance during the past year. The award is sponsored by the Steel Carriers Conference of the American Trucking Associations and represents first place for firms operating under six million miles annually.

Traffic Signal Charge

Madison Police Arrest Two on Theft Charges

Two Venice men were arrested by Madison police early Tuesday morning in the driveway of the Shell Service Station, Sixth street and Madison avenue, where officers said they found the front of a cigarette machine and the coin box missing.

Police reported they picked up the two men at 2:30 a.m. when they saw them standing by their car, and booked Odie Cross Jr., 40, of 1103 Logan street, Venice, and Jewel Dandridge, 36, of 321 Slough road, Venice. Both were charged with theft under \$150.

Police said when they took the men to the station, Dandridge attempted to hide an article back of the seat of the car. Officers found a handkerchief in which \$15 in coins had been tied.

Both men were released on their own recognizance pending a magistrate's hearing May 10.

2nd Hearing on Levee District Bonds Tonight

Further discussion of proposed legislation that would authorize the East Side Levee and Sanitary District to issue \$5.7 million in bonds without voter approval is scheduled in a second public hearing at the levee board offices in East St. Louis tonight. The hearing is to start at 7:30 p.m.

Possibility the figure might be trimmed to a bond authorization of \$3.2 million developed in a hearing last Saturday, after the projected bond issue during Saturday's hearing.

In a brief routine meeting of the levee district engineer, chief levee district engineer A. L. Kraemer told the trustees the figure of \$3.2 million for certain hillside drainage and other levee district projects is not an accurate one. He said project figures set

Ford Johnson Notes Need for New Sewers

Elighth Ward Alderman Ford Johnson commented today in urging "Yes" votes Saturday that "in viewing the overall picture of Granite City at present and in the future, there is but one realistic picture that the public can readily see."

"Without proper improvements to the sanitary and stormwater sewer system of our city, the assets which we can achieve through constant growth will be nothing but a liability."

out in a recent engineer's report on hillside drainage projects, prepared by the David Johnston Engineering Firm of East St. Louis, are based on 1962 cost estimates.

5-Year Cost Rise
"Since the report was distributed I have escalated this figure at an annual cost increase of 2%," Kraemer said. "I believe this figure is more nearly accurate at \$3.6 millions."

The levee board conducted only routine business during its session, approving payroll vouchers of \$50,364 and claims of \$46,208 for the month of April.

Chief Clerk Ben Campbell said the higher than usual payroll resulted from payment of some back salaries and increased employment during April because high river stages required constant operation of pumps at the district pumping stations.

A claim of \$569 for Horner & Shifrin engineering firm for work on the Lansdowne sewage treatment plant was approved. The board also approved a tentative 1967-68 budget of \$168,110 for operation of the Lansdowne sewage treatment plant and \$85,540 for operation of the Cahokia Sewage treatment plant. Both budgets were prepared by Horner & Shifrin.

Levee district treasurer Thomas Staicoff reported the district had total available funds of \$184,589 during April, including an \$84,134 balance at the beginning of the month and receipts of \$100,454. Disbursements totaled \$86,152, leaving a balance on April 28 of \$89,437.

Volunteer Workers Kickoff Hospital's General Solicitation Campaign

PORTION OF THE CROWD of over 325 volunteer workers who gathered Tuesday night for the kickoff dinner of the general solicitation division of St. Elizabeth Hospital's \$1,000,000-\$1,500,000 drive for expansion and modernization.

DR. FELICIA KOCH, general chairman of the general solicitation division, offering words of encouragement to the volunteer workers who have a goal of

\$200,000. Aims are to raise \$100,000 in the women's section and \$100,000 in the men's section.

PONDERING OVER PROSPECT CARDS they've selected to work in the campaign are Jean Bilbrey and Mary Ellen Voss, who shoved the dinner dishes back to do the preliminary paper work before starting on their calls.

LOTS OF ENTHUSIASM is evident from volunteers of the women's section of the fund drive. Left to right are—Mrs. William Hoelscher, Mrs. Wallace Bartylak and Mrs. Michael Day.

IT'S A TOUGH CHOICE, but Mrs. Stanley Krakowiecki of Madison is studying the prospect cards. More than 10,000 cards are being made available to the hundreds of volunteers seeking funds to expand and modernize the hospital.

\$1,000,000 - \$1,500,000 Goal For Expansion, Modernization

LOTS OF SELECTION in the racks of prospect cards are available to volunteer Everett DeMott as he starts after the kickoff program Tuesday night.

HUSBAND AND WIFE will be on opposite teams in the general solicitation division of the hospital's campaign, but Mr. and Mrs. William Schwartz show

teamwork in making the selection of their prospect cards from the long line of racks set up in the high school cafeteria.

SERIOUS DISCUSSION by a trio of workers in the men's section who are checking through the brochure that shows just what plans are in store for St. Elizabeth Hospital. They are James Seliner, James Noeth and Walter Wilson.

Ministers Urge Passage of GC Sewer Proposal

The Quad-Cities Ministerial Association voted Tuesday morning to support the Granite City sewer bond issue election Saturday and to urge the public to vote "Yes."

Meeting at St. John United Church of Christ, the group reviewed the sewer proposal and concluded that it is essential for local community development and welfare.

"We are endorsing the sewer bond program and suggest that all Granite Citizens give it their support," Dr. Raymond E. Troyer, association president, reported.

A directory of Quad-City churches currently is being prepared for distribution to new residents, it was announced. Hugh Hairston, state finance chairman of the National Association for the Advancement of Colored People, explained the work of the NAACP to the ministers.

It was decided to support the Quad-City "clean up, fix up, paint up" campaign starting next week by including suitable inserts in printed programs distributed at local church services.

Date of the annual teacher-dinner welcoming new clergy members was set for Sept. 28.

SUPPORT OF SEWER PROGRAM to be voted on in Granite City Saturday is shown being reported to William L. Harris, co-chairman of Granite Citizens For Better Sewers, by a delegation from the Quad-Cities Ministerial Association. Pictured (left to right) are Rev. James H. Eldridge, Central Free Methodist Church, association secretary; Rev. James R. Craddock, Central Christian Church, public relations committee chairman; Dr. Raymond E. Troyer, SIU-SU psychology professor and association president; and Harris. The ministerial group voted Tuesday to endorse the sewer proposal and urge "Yes" votes.

Cat Killing Deplored By Venice Resident

Mrs. Lorena Varner, 517 Fourth street, Venice, complained to Venice police Monday night that a stray cat was beaten to death with a club by the Venice dogcatcher and two other cats were shot by Venice police when she called them to report the dogcatcher's actions.

Mrs. Varner said the dogcatcher, Lee King, who also is assistant city street superintendent, was called by residents of the area after a number of cats apparently had been dumped along the highway. She complained to Frank DeWitt, Venice chief of police, that King killed one of the

cats with a stick while several children watched nearby.

Mrs. Varner said she called police officers to report King's action, and after they conferred with King, the officers shot two more of the cats.

DeWitt said the law permits police officials to dispose of unlicensed stray animals in such a manner and pointed out that past experience has proved it is almost impossible to catch cats. He said King carries no weapons.

SIU Students Set Run To St. Louis Friday

It's about time that our men who are in Vietnam know that there are college students who

appreciate the tremendous job they are doing!

So say the men of Phi Kappa Tau fraternity at Southern Illinois University, Carbondale, and that's why they have chosen "It's About Time" as the slogan of a marathon run—literally—from Carbondale to St. Louis as their part in Spring Festival activities at the university on Friday and Saturday.

Beginning at 10 p.m. Friday, a Phi Kappa Tau man will start the first of a series of two-mile relays carrying a scroll to St. Louis in an estimated 15 to 18 hours.

Exhibit Next Week of Work By Exceptional Children

Next week will be "Council for Exceptional Children's Week" in Illinois as proclaimed by Gov. Kerner.

To observe the week, the Lewis and Clark Chapter of the Council for Exceptional Children which includes the Quad-Cities area, will exhibit a collection of craft work completed by children who participate in special education classes in the Granite City school system and members of scouting programs for handicapped youth.

The public exhibition will start tomorrow at the Granite City library. Also to be displayed are books on special education and information on the purpose of the sponsoring organization.

Arrangements for the exhibits are being made by Harold V. Thomas, Granite City school district's special education director, and Mrs. Evelyn Gavin, who teaches handicapped children at seat SIU Arena. Miss Southern, chosen by judges on the basis of beauty, figure, talent, and interest, was to be introduced.

Motorist Flees Police, Faces Four Charges

Gregory Adams, 21, of 2205 Grand avenue, was arrested by Madison police on four traffic charges early today after eluding officers on his way to police headquarters to face a speeding charge.

Police said they stopped Adams on Madison avenue when they sighted him driving at a high rate of speed. Adams admitted he had no driver's license, police said, and was instructed to follow officers to Madison police headquarters.

Officers reported that Adams turned off Madison avenue at 14th street and then along Iowa street, where his car stalled. While police were turning around, Adams got his car started and fled west on 13th street. Madison police radioed Granite City officers who picked up Adams at 18th and State streets.

He was charged with speeding, driving under the influence of alcohol, fleeing after arrest and driving without a driver's license. Adams still was in jail this morning.

Council Members Get 10 Bucks Each For Five Minutes

Township bills totaling \$8197, including \$4216 for town purposes and \$3981 for relief, were approved Monday night by Granite City council members as the town board of auditors.

The town session—for which each alderman was paid \$10—lasted five minutes. Through an oversight, the names of Aldermen Parmley and Thompson were not listed for payment of the \$10 meeting fee. They were added to the list by the council.

Alderman R. E. Robertson, a former mayor, was named to preside over the town board meeting which was held in advance of the regular council session. Mayor Partney, who normally presides, arrived at the five-minute session was under way.

Deputy Assessors
The town fund disbursements included payments to 12 deputy assessors—Catherine Colligan, \$108; Marjorie Dineff, \$102; Shirley Flaughner, \$108; Dixie Griffin, \$114; Katherine Hinkleley, \$111; Vera LeMaster, \$100; Genevieve McCombs, \$84; Josephine Reedy, \$102; Mildred Rippey, \$100; Wilma Roller, \$120, and Laura Sykes, \$13.

Supervisor Nelson Hagnauer also submitted his monthly financial report for April which showed a balance of \$142,665 in the relief fund on April 30. Disbursements during the month amounted to \$10,787 for 97 cases with 281 persons. The direct relief costs were \$250.

The town fund balance was \$2949, with April disbursements totaling \$10,435, and the Illinois Motor Fuel Retirement fund showed a balance of \$939 with disbursements of \$424.

During the city council session, the aldermen approved a half-month payroll of \$44,883, and a bill list that included major items—\$3507 for employee retirement, \$1897 for motor fuel tax, summer maintenance specifications, paid to Research Planning & Design Associates; \$804 paid to the county as final settlement on the Maryville road improvement and \$270 paid to the township as the city's share of the election expense on April 4.

Approval was given for a \$145 expense allowance for Mayor Koenig, city civil defense director, to attend the annual conference of the U. S. Civil Defense Council in Indianapolis May 21-24.

MORE ABOUT Election Sat.

structure and right-of-way, not related costs.

Bonds Held At No Cost

Although the ballot lists \$8 million, the \$6,100,000 not in Unit One is to be held in abeyance at no cost to taxpayers, until additional supplemental funds are received.

Unit One, the \$3,400,000 phase (\$1,900,000 bonds and \$1,500,000 grant), provides stormwater relief sewers for the central portion of Granite City, an area generally bounded by 20th street, Edwardsville road, the Numeoki storm channel and the railroad tracks. This will provide a two-pipe sewer system, immediately ending surface flooding and sewer backups.

Another immediate result is that in the areas outside Unit One, sanitary sewage backing up into basements and overflowing onto streets and yards will be eliminated. This is because Unit One installations will clear existing lines so that sanitary sewage from outlying areas will have a place to drain, even when it is raining.

North, West Granite

Also as a part of Unit One, \$100,000 of the \$1,500,000 grant will be used to reduce by about half the cost of installing sanitary sewers in all areas now lacking them—North, Granite, parts of West Granite, and, also, Place, and the Mercer drive area.

Stormwater sewer financing will be by federal funds and general obligation bonds listed on the ballot. Sanitary sewers will be financed by federal funds and revenue bonds to be authorized by city council action.

Initial cost of the program being submitted to voters Saturday is estimated at a nine-cent tax rate or 2% of the total Granite City tax rate for the city, township, schools, parks, levee and county.

The plan for equal annual principal and interest payments (unaffected by inflation) and the trend toward growth of the overall assessment base are expected to make the sewer cost a steadily smaller portion of the overall rate used in preparing tax bills. Later costs will depend on the timing of bond sales and the status of the bond market. The cost of the bond market is an equal amount of bonds would be lower in future years than for the first bond sale.

Competitive Bidding

The city has pledged full competition in bidding for the bonds and for sewer construction contracts. There will be federal cost of a fiscal agent has been eliminated, with local banks offering to provide such services at no cost.

The sewer proposal has been supported by city officials, including Mayor Partney and Street Supt. Warfield, and by aldermen in all wards.

Horace Calvo is the bond attorney and the firm of Charles & Trauerlich is bond counsel. H. W. Lochner Co. is the engineer.

General chairman of Granite Citizens For Better Sewers are William L. Harris and William B. Webb Jr. Honorary chairman are Mayor Partney, School Board President Monroe Worthen, Park Board President Paul Schuler and Township Supervisor Nelson Hagauer.

Police, Firemen Oppose New State Pension Bill

Police and firemen in Granite City are opposing a proposed bill in the state legislature which would transfer their local pension funds to a central pension board system in Springfield.

They are asking Quad-City residents to write their representatives, Sen. Paul Simon, House Speaker Ralph Smith and Reps. Lloyd "Curly" Harris and Leonard Kennedy, asking them to vote against Senate Bill 1219 which was introduced last month by State Sen. Egbert Green of Pekin.

Local pension funds now are placed on deposit at interest at local banks and savings & loan associations, Police Chief Ronald Veizer pointed out, but under the

new bill, the money would leave city control.

He said it also would affect the amount of pension police and firemen would receive.

The proposed bill would create a single state pension board which would eliminate municipal pension boards in communities of 500 or more population. The state board would have sole powers of administering and investing millions of dollars accumulated locally.

Chief Veizer said all police and fire departments in the state are against the bill.

Mr. and Mrs. St. Clair Shuppert, 42 Moorland drive, returned home Wednesday after spending the past two weeks visiting their son and daughter-in-law, Major and Mrs. Benjamin Shuppert and their family in Colorado Springs, Colo., and a son-in-law and daughter, Mr. and Mrs. Clarence McGovern in Overland Park, Kansas.

Two Appointed to City Plan Group At Madison Meet

Composition of the new Madison City Plan Commission was completed at a city council meeting Tuesday night with the appointment of the last two members by Mayor Stephen Maeras. They are William Dorris, representing the East Madison area, and Raymond Green, representing West Madison. The appointments, recommended by alder-

men of both areas, were confirmed by the council. Other members of the commission, appointed about a month ago, are John Belkoff, chairman, Alex Schaeffer, John Kopchak, Norman Owca and Roy J. Hill Jr. Serving on the commission as automatic members are the mayor, corporation counsel and city engineer.

Planning, Zoning Study
No meetings have been called. The city is awaiting a master plan and zoning study being undertaken for Madison and Versailles by the Southwestern Illinois Metropolitan Area Plan Commission. The council approved a levy

and appropriation of \$275 as Madison's share in the financing of the SIMPAC organization during the current fiscal year. Transfer of \$50,000 from the Chain of Rocks Bridge surplus fund to the city special revenue fund was approved, as the city is running low on money and no taxes are expected to be received until July.

fiesta will commemorate Mexico's independence. A letter was read from Granite City Police Chief Ronald Veizer commending Madison police for locating an auto which was involved in a recent hit-and-run accident and which led to the arrest of the driver. Honored were Patrolmen Richard Krieschok and Ronald Greywack. Mayor Maeras added his compliments for their work in apprehending an armed robber recently in the Ace Liquor store, where they were fired upon. The robber was then wounded.

length goal of \$1,500,000 which will provide the facilities so badly needed."

Mrs. Nina Bigley, chairman of the women's section, related some of her experiences as a patient at St. Elizabeth Hospital—"I've been a patient at St. Elizabeth Hospital, and I know how great it is. And—I also know how great the people of the community are, and how they respond, to a need."

Lyle F. Guley, executive vice-president of Granite City Steel Co. and general co-chairman with Davis, asked the men's and women's sections to each accept a \$100,000 goal, or a total of \$200,000. Campaigns are now under way. But they are rewarding work. The success of any campaign depends on the effort of volunteers. Their work and effort benefit many people. Just one word in starting—roll up your sleeves and get the job done."

Clifton E. Blankenship of A. O. Smith Corp. and associate chairman of the men's section, added, "Volunteers are the real solid citizens of the community. We have a goal in the men's division of \$100,000, and we will meet it."

Blankenship called for "volunteers" to show how solicitation should be done. Britton Knight and Fred Schwartz, both from A. O. Smith and members of the men's section, gave an example of how and how not to conduct a solicitation.

Mrs. Irma Jones returned this week from Sanibel Island, Fla., where she spent the winter months.

Mrs. Myrtle Spier, a patient at St. Elizabeth Hospital, was transferred to the Pleasant View Nursing Home, Collinsville Monday.

Sewer Role in Health, Area Prosperity Cited

"Viewing the sewer election from a health standpoint, there is no greater asset to our community," Dr. E. W. Walton, local chiropractor and secretary of the Granite City board of education, commented to the Press-Record today.

"Without proper sewerage, your doctor's effectiveness is greatly impaired," Dr. Walton noted in urging "Yes" votes in

the special sewer election Saturday.

Architect Henry Gabriel said, "Sewer improvements in Granite City are a MUST. The separation of stormwater and sanitary sewers will permit further expansion of Granite City residential areas, dryer basements, less street flooding and less street maintenance. Everyone should vote 'Yes' for the bond issue."

Ralph Monken, an industrial foreman, said, "I am for the vote for the sewer bond issue 100%. It will

Cong. Price Urges New Medicare Billing Plan

Medicare enrollees would be permitted to submit unpaid bills directly to the Social Security Administration under a bill introduced at Washington by Cong. Melvin Price (D) East St. Louis.

Enrollees in the supplemental benefits program are required to submit a medical bill marked paid in full to the private insurance carrier participating in the program. As a result, a number of patients are faced with severe financial hardships and are not able to pay the bill before submitting it.

Cong. Price's bill does not alter a physician's prerogative of billing the patient directly, nor does it change a physician's option of accepting assignment of the bill. The Congressman said he had been unable to resolve the problem through an administrative solution.

At present, Cong. Price said, "Claimants are experiencing a five to six months delay in the processing of their claims. This delay is not in the best interest of the patient. It was not the intent of Congress in enacting the program to have patients burdened with financial worries; on the contrary it was Congress' desire to have a program that would protect the elderly."

Sewer Backers Include People in Many Fields

"Butcher, baker, candlestick maker" ... all are asking that Granite Cityans vote "Yes" in the sewer election Saturday. The proposal has gained the backing of people from virtually all walks of life.

Charles Meyer, local realtor and insurance agency head, today urged that citizens "vote for the sewer bond program as a reasonable way for the local property taxpayer to get a needed job done."

M. Freeman Wolfe, building contractor, told the Press-Record, "Granite City must continue to progress if we are to enjoy a better place in which to live and work."

"An adequate sewer system is certainly a prerequisite for such progress. A favorable vote for the sewer 'bargain day' would help to insure this," Wolfe commented.

C. E. Blankenship, a plant safety director, told the Press-Record, "The need for passage of the sewer bond issue is very evident. This is the time to do it, as it is a tax bargain now. I hope everyone votes 'Yes' Saturday."

Donald Adams, operator of a local glass company, said, "I think Granite Cityans will be missing the boat if they don't vote for the sewer bond issue. We're in such low terrain that we get 'drowned out' in most of the flash floods. I urge a 'Yes' vote for the sewer bond issue."

Harris, Webb Say 'Yes' Vote Vital To All Residents

General chairmen of Granite Cityans For Better Sewers today urged voters approve the sewer program submitted in Saturday's special election.

William B. Webb Jr. said, "I feel this is the only thing for people to do at this time. It's a golden opportunity for people to save money by using federal funds to pay half the cost."

"This is one bond issue that should get the wholehearted support of all the people. I urge everyone to give this serious consideration, and don't miss this big chance."

William L. Harris commented, "I'm sure that each citizen in Granite City has had some very trying experiences from the numerous cloudbursts that we have had in past years."

"Everyone has complained, and now we have the opportunity to remedy this situation at half the cost. It is really a bargain," Harris concluded.

Sewer Approval Vital To All-Mayors Partner

"The sewer bond issue Saturday is one of the greatest things that has ever happened to our city," Mayor Donald Partney commented at Monday night's city council meeting.

He urged a "Yes" vote by all citizens, and cited the importance of aldermen encouraging the public to support the program.

The mayor stressed that passage of the sewer bond election "will help avoid higher taxes in the future."

"By taking advantage of this federal grant of \$1,500,000, the people of our city will receive a dollar's worth of sewer improvements for only 15 cents, due to the way the cost is divided."

"In contrast, if the bond issue is defeated and the federal grant is lost and we are ordered to separate our sewer system, it will cost the full amount with a much bigger financial burden on each and everyone, including myself and every alderman," Mayor Partney said.

Press-Record YOUTH FOCUS

Youths Under 16 Must Attend School

Youths under 16 may work on farms, after school, on weekends and during vacation but when school is in session, that's where they must be, according to a reminder given farmers, parents and youths by Earl F. Halverson, U. S. Department of Labor, Chicago.

Halverson pointed out that the Fair Labor Standards Act prohibits youths under 16 from working during school hours in a district where school is in session.

The law applies to both local and migrant youths and to all farmers whose crops go directly or indirectly into interstate commerce. It doesn't apply to youths working for their parents on farms.

Even though it is legal for youths over 16 to do farm work during school hours, Halverson, however, urged all youths to stay in school and graduate.

CERTIFICATES OF ACCOMPLISHMENT were presented to Linda Gilbert (second from left) and Helen Kukarola as outstanding students in business education programs at Granite City high school at the second annual Business Education Recognition Day last week at the Southern Illinois University—Southwestern campus. They are shown with their teacher, Joseph Hansen, and Mrs. Bernadine Limper of SIU-SW's business division.

'Acre of Art' Display To be Held Here May 15

Mother's Day Weekend Planned at U. of I.

Mother's Day weekend will be held Friday and Saturday at the University of Illinois at Urbana. Activities will include a May queen crowning, campus bus tours, an old fashioned ice cream parlor, a concert, the musical "Funny Girl" and the University Theater play "Under the Gas Light."

A meeting of the U. of I. Mothers Association will follow a continental breakfast from 8:30 to 10 a.m. Saturday in the Illinois Union. Mrs. Lucille Caban of Granite City is Madison county chairman for the association.

The annual Acre of Art display, there will be an all-education staff exhibit. Faculty members will exhibit from one to three pieces of work each. The showing is a public service activity sponsored by the art education staff and the area Parent Teachers Association.

At least one piece of art work from nearly all of the children in school, from kindergarten through grade 12, which they drew during the school year, will be displayed. The works will cover the gym walls and floors in addition to the balcony.

In conjunction with the student

Marine Returns from War Marine S/Sgt. Allen J. Bond, son of Mr. and Mrs. Jack Bond, Rural Route One, has arrived home after serving 13 months in DaNang, South Vietnam. Following a 2-day leave, he will be stationed at Camp Pendleton, Calif.

Named to Frat Office

Craig Hiscott, son of Magistrate and Mrs. Merlin Hiscott, 1732 Spring avenue, has been elected Spring officer of the Kappa Alpha Order social fraternity at Westminster College, Fulton, Mo. He is a junior majoring in sociology.

Spring Concert Planned Tonight At Madison JHS

The Madison junior high school band will present its annual spring concert at 8 p.m. today in the school gym under the direction of William F. Ledbetter.

The band, which won a first division rating Saturday in a state band concert at Salem, is composed of 80 musicians from the junior high and Louis Baer schools.

Soloist for the concert will be John Mangoff, who received a superior rating in trombone in district solo competition. Other groups to be featured include a flute quartet, a mixed clarinet quartet, a drum quintet and a brass choir.

Among selections are "Hosts of Freedom" march, "Overture to Eureka" and excerpts from the opera "Die Meister Singer" by Wagner.

SIU Foreign Missions Meeting with Success

Southern Illinois University educational missions abroad are doing an "extraordinary job" of developing practical school programs in such countries as Nepal and South Vietnam, according to Robert MacVicar, SIU vice-president for academic affairs.

MacVicar, just returned from a round-the-world inspection tour of SIU teams on foreign soil, cited efforts in these two countries as typical of a "hard-headed approach, that is paying off."

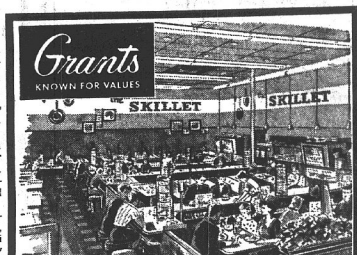

SIU is currently operating missions in South Vietnam, Nepal, Afghanistan, Nigeria and Mali under contracts with the Agency for International Development and the Ford Foundation.

In South Vietnam, where a mission has been operating for six years in the development of elementary education programs, MacVicar said success has been "extraordinary if one agrees that our purpose is to influence such nations to make their own decisions and have ideas."

Benjamin Franklin, who played an important part in the successful formation of The United States during the Revolutionary period, became a member of the St. John's Lodge in Philadelphia in 1731. In 1732 he drafted the By-Laws and became Warden of the Lodge. He was very active in Masonry and was honored by being made Grand Master of the Province.

Shrine Traces History Back To Mecca, Arabia, 644 A.D.

"The legendary history of the Shrine, is celebrating its 55th year as a leader in the fraternal world of southern Illinois. Original dispensation for the Shrine, which will present a ceremonial parade in the Granite City on Saturday, traces back to the Order of Bektash in Mecca, Arabia, 644 A.D." it is noted by Roy L. Wilimzig Jr., Potentate of Ainal Temple, East St. Louis, who will lead 500 members of the Uniformed Units of the Temple in the parade.

"The Arabic Order of Shriners is not a part of the Masonic system, which in all of its branches is a serious study of morality through use of symbols," Potentate Wilimzig added. "However, the Shrine is generally accepted as a 'Playground for Masons.'" Membership is limited to those who have attained eligibility through the York or Scottish Rite Masonry.

To America in 1870 "The picturesque ritual of Shrinism," continued Potentate Wilimzig "with its rich Oriental coloring, was brought to North America in 1870 by William J. Florence, an actor of the day, who brought the original document from the Orient written in Arabic script with a dispensation from the middle east empowering him to found a branch of the Order in North America."

"The first Shrine Temple was founded in New York in 1872, and they had 13 charter members. This later became Mecca Temple. Today there are 169 Temples located in North America, and they have a total membership of approximately 850,000 leaders in the various communities of North America. Ainal Temple was chartered in 1913. Today it has 7800 members. Ainal Temple, Ancient Arabic Order Nobles of the Mystic Shrine, is celebrating its 55th

AINAD POTENTATE ROY L. WILIMZIG JR.

Parade to Honor Potentate Wilimzig

The 1967 Potentate of Ainal Shrine, Roy L. Wilimzig, is the first Granite City to hold the office and for that reason Saturday's parade is being held in his home community. The Ainal Bulletin refers to the parade and other events as the "Spring Ceremonial of Ainal Mosque" with "the Steel City of Granite City" as host.

The following is the background of Wilimzig's election to Potentate as published in the Ainal Bulletin:

The foundation for leadership was imbued in Potentate Wilimzig from an early age by his father, Roy Wilimzig who became a Master Mason in 1925. That foundation was strengthened by the Order of the DeMolay which found Roy an anxious and willing worker and leader from the time he became a member of the Granite City Chapter in 1935. After his discharge from World War II as an Air Force Pilot, Roy took the first steps from the ranks of DeMolay into Masonry. In 1948 he was accepted into Granite City Lodge 877. In November 1952, he proceeded to become a 32nd Degree Mason in the Mississippi Valley Consistory, serving as president of the Fred L. Wham Class.

He went directly into the Ancient Arabic Order of Nobles of the Mystic Shrine under the realm of Illustrious Past Potentate and present Recorder Robert F. Miller.

Roy remained active in the Shrine and was elected president of the Tri-City Shrine Club in 1958. During that same year he and his wife, Mrs. Margaret Davis Wilimzig, were initiated into the Order of the Eastern Star, Granite City Chapter 650. He became Associate Patron in that year and served as Worthy Patron in 1959.

Also in 1958 Roy was selected to receive the Order of DeMolay's highest award, the Legion of Honor. He has served on the advisory board of the Chapter since 1959.

Perhaps the highlight of his career in Masonry came in September, 1964, when he was elected in Detroit, Mich., to receive the honor of acceptance into the 33rd Degree of the Northern Jurisdiction of the Ancient and Accepted Scottish Rite of Free Masonry. Roy received the Degree the next year and wears it with honor.

In May of 1961 Roy was appointed in the Rose Croix Line of the Scottish Rite. This appointment also was by Past Potentate Shearburn. Roy served the Scottish Rite, not only in numerous degrees but also as an area chairman of membership for the past seven years.

Potentate Wilimzig served in many capacities for the Shrine and for Masonic groups. He received much satisfaction from his work which seemed to be a pleasure for him. He found time to organize the DeMolay Rifle Club in Granite City with the assistance of Noble Charles Voss in 1960.

Starting in January 1949 and purchasing the remaining interests in the firm he and John H. Benson, Wilimzig's present associate, began operating the company. In 1950 they changed the name to Benson-Wilimzig, Inc.

Potentate Wilimzig was born on Oct. 2, 1919 in Detroit, Mich. He was the first child of Noble and Mrs. Roy Wilimzig sr. The family moved to St. Louis in 1929 and moved to Granite City in 1931.

Roy and his wife were married in August 1941. She was a native of Evansville, Ind. In December 1942, their first child, daughter Kay, was born on Christmas Day. She has since married James Branca and they have two daughters. They live in Florissant, Mo.

The Wilimzig's other child, a son, Robert, was born in February 1951. Bob is active in band work and, like his father, is a member of the DeMolay. He hopes to become a doctor of medicine.

What is Freemasonry?

"Freemasonry is a charitable, benevolent, educational and religious society. Its principles are proclaimed as widely as men will hear."

"Its only secrets are in its methods of recognition and of symbolic instruction."

"It is charitable in that it is not organized for profit and none of its income inures to the benefit of any individual, but all is devoted to the promotion of the welfare and happiness of mankind. It is benevolent in that it teaches and exemplifies altruism at its best. It is educational in that it teaches by prescribed ceremonies a system of morality and brotherhood based upon the Sacred Law."

"It is religious in that it teaches monotheism, the Volume of the Sacred Law is open upon its work."

"It is a social organization only so far as it furnished additional platform upon which only those of certain races, creeds and opinions can assemble."

"Through the improvement and strengthening of the character of the individual man, Freemasonry seeks to improve the community. Thus it impresses upon its members the principles of personal righteousness and personal responsibility, enlightens them as to those things which make for human welfare, and enlightens them with that feeling of charity, or good will, toward all mankind which will move them to translate principle and conviction into action."

"To that end, it teaches and stands for the worship of God; truth and justice; fraternity and philanthropy; and enlightenment and orderly liberty, civil, religious and intellectual."

"It charges each of its members to be true and loyal to the government of the country to which he owes allegiance and to be obedient to the law of any state in which he owes allegiance and to be obedient to the law of any state in which he may be."

"It believes that the attainment of these objectives is best accomplished by laying a broad basis of principle upon which men of every race, country, sect and opinion may unite rather than by setting up a restricted platform upon which only those of certain races, creeds and opinions can assemble."

"Believing these things, this Grand Lodge affirms its continued adherence to that ancient and approved rule of Freemasonry which forbids the discussion in Masonic meetings of creeds, politics, or other topics likely to excite personal animosities."

"It further affirms its conviction that it is not only contrary to the fundamental principles of Freemasonry, but dangerous to its unity, strength, usefulness and welfare, for Masonic Bodies to take action or attempt to exercise pressure or influence for or against any legislation, or in any way to attempt to procure the election or appointment of government officials, or to influence them, whether or not members of the Fraternity, in the performance of their official duties."

"The true Freemason will act in civil life according to his individual judgment and the dictates of his conscience."

Royal Arch Masons

The Chapter of Royal Arch Masons and the Council of Royal and Select Masters are the organizations in the Masonic route to perfection of the York Rite of Freemasonry.

The York Rite is distinct from the Scottish Rite. Both begin degrees in the "Blue Lodges" or the Ancient Free and Accepted Masons.

There are many Royal Arch chapters and Councils of Royal and Select Masters in Southern Illinois. Royal Arch chapters in the area include Granite City Chapter 221, Belleville 106, Col. St. Louis 156, Councils of Royal and Select Masters include St. Clair 61 at East St. Louis, Belleville 67, Belleville 101 and Alton.

Granite City Chapter 221, RAM, has 250 members and was organized on Sept. 7, 1906 with William J. Lynch as the first High Priest. Joseph Timmons is the present High Priest.

Other officers Granite City Chapter 221 are LeVern Larson, King; John W. Burgess, Scribe; William J. Mehl, Treasurer; George E. Malotki, Secretary; Howard L. Prescott, Chaplain; Gene Ross, Captain of the Host; Harold I. Duckett, Sojourner; Benford A. Corkran, Royal Arch Officer; Herbert G. Davis, Ben-

net Ragan, and Raymond E. Penn, Master of the Veils, and Alva Sternberg, Sentinel.

At the session of the Grand Chapter of Royal Arch Masons of Illinois held at Chicago in the Spring of 1965, a Distinguished Service Medal was awarded to George Malotki by the General Grand Chapter of the United States of America.

This honor was given him for distinguished service to Royal Arch Masonry. At the session of the Grand Commandery of Knights Templar of Illinois held at Springfield, in September 1966, George Malotki, was also honored with the York Cross of Honor. This honor is conferred on one who has served his Lodge as Master, High Priest of his Chapter, Three Illustrations Master of a Council, and Eminent Commander of a Commandery of Knights Templar.

Amos Doolittle, a Freemason and native of Connecticut, served in the Colonial Army under Benedict Arnold and made the engravings of the skirmish at Lexington which have been reproduced many times.

The earliest record of Freemasonry in Philadelphia is that of St. John's Lodge, under date of Dec. 8, 1730. Benjamin Franklin was a member of this lodge.

Shriner Hospital Designed to Serve Mankind

"Fun and good fellowship is the watchword of Shriners everywhere, yet underneath all this display of show, pageantry and good times, there beats a heart full to overflowing with the desire to serve mankind in a most worthwhile manner," Ainal Potentate Roy Wilimzig Jr. stressed today.

This desire is fulfilled in Shriners Hospital for Crippled Children, so affectionately named by the founder of the work as "The World's Greatest Philanthropy." And well it might be since these hospitals are available to any crippled child, under 15 years of age, regardless of race, color or religion, who have a reasonable possibility that treatment will help them and whose parents are unable to pay for the hospitalization and outpatient treatment.

In all the Shriners of North America operate 19 of these Shriners Hospitals for Crippled Children. One of these is located in St. Louis, and many children from southern Illinois have received treatment in this hospital.

Highest Standards

Shriners Hospitals are acknowledged as among the very finest in the world. It is a spiritual as well as a physical sanctuary, planned and designed for the patient in the hospital. The operating room represents the highest standards of surgery. The physical therapy room has the newest in hydrotherapy equipment.

In addition there are school rooms and playrooms. Regular public school educational facilities are provided by a specially qualified teacher assigned by the Board of Education. Since play and fun are a part of every child's life, throughout the hospital there are recreational facilities. Toys and games galore are provided for all the children and for the older groups there are hobbies and handicraft. In fact, everything is done to provide a wholesome and homelike atmosphere for the patients as possible since in fact this is a hospital, school and home—all under one roof.

1000 Operations Yearly

Most children are treated by surgical operation. After operations plaster casts are applied to see.

hold the part in correct position until healed. Approximately 6000 operations are performed yearly and 16,000 casts applied. Braces and orthopedic shoes for young patients are made at the hospital where 4000 braces were furnished in a recent year.

"As you can see, this is a glorious record and one of which Shriners can justly be proud," Wilimzig said. "For though the Shrine is an organization of fun loving men, they have an abiding belief that pleasure is something that you may put into this life or not. It may be something you take out of life but that happiness is something that you share."

"The many thousands of Red Fezzed Shriners are glad to follow this philosophy of sharing happiness with hundreds of thousands of underprivileged crippled children regardless of race, color or religion. Through the hard work and support of these Shriners, we find a veritable army of crippled children made well, marching alongside the never-ending column of Shriners who love to present their music and drills and color for the entertainment of all who care to see."

GRANITE CITY COMPACTS OF THE Ainald Temple in full regalia as they will appear in Saturday afternoon's parade through the Quad-Cities honoring Ainald Potentate Roy L. Willmizig Jr.

Granite City Compacts Organized in 1965

A group of local masons, all being Shriners and wishing to further the image of masonry and publicize the Shriners Crippled Hospitals and Burns Centers, met at the Masonic Temple in Granite City in July 1965 and discussed the feasibility of starting a Shriners Motorcycle unit under the direction of the Tri-City Shrine Club.

After securing the permission of the Potentate of Ainald Shrine Temple, the six charter members consisting of Robert G. Thomas, Vernon L. Clatts, Ray F. Simmons, Grover C. Brannan, Joseph T. Timmons and Lloyd S. Lewis, purchased compact motorcycles and started securing members.

Since that time the group has enlarged to a full quota of 28. These Shriners are from all professions, including morticians, steelworkers, chauffeurs, barbers, auto and supply dealers, railroaders, retired, bricklayers, utility workers, law officers and numerous others. They include officers of the Masonic Lodges of Granite City, Past Masters, Grand Lecturers and other leading Masonic members.

During its history, the organization for teenage boys (14 to 21) has contributed much to the social, fraternal and athletic betterment of the Quad-City area.

The chapter prospered greatly under direction of the late "Uncle Jimmy" Stuart, who became chapter advisor in 1933. Through his efforts, until his death in October 1965, the chapter added state championship trophies in softball, swimming, basketball and track.

Alderman Discusses Sewers, Need for New

Seventh Ward Alderman R. E. "Mickey" Robertson told the Press-Record today, "I support the bond issue proposal to be presented at the May 6 election. It has been my privilege to be a resident and public servant in the city of Granite City for many years.

"I was a member of the city council in 1916 when the bond issue was adopted for the creation of the outlet sewer, the major portion of which is still serving the city of Granite City today, although the city is four times the size it was in 1916.

"That growth demands new and better and more sewer facilities. I also support the bond issue because of the health hazard to our community created by the present sewer system.

"Just as Granite City could not have grown without the outlet sewer of 1916, so Granite City cannot grow or even exist without the installation of the sewers called for in this program."

Auto Mirror Broken

Henry Jones, 2211 Lee avenue, reported Monday that the outside mirror on his 1965 auto was broken with a bottle.

Huber, Solenberger Support Sewer Plan

Question:
What can you get 19,000 copies of for \$1?

Answer:
A 14-word Press-Record Want Ad.

Homer Huber, Granite City furniture store owner, plans to vote "Yes" in Saturday's special sewer election. So does Solenberger, executive director of the Tri-Cities United Fund.

Huber commented to the Press-Record, "Granite City has been waiting long enough for adequate sanitary and stormwater drainage, during a time when there has been a continual increase in what it will cost. Why wait longer? Now is the time to act."

Solenberger said, "Everyone

should vote for the sewer bond issue to preserve the re-sale value of his property. Granite City could become a rundown, blighted community if the clearly inadequate sewer system is not corrected, and we may never have such a bargain offered to us again.

"Even though the federal grant of \$1,500,000 is in a sense our own money, paid by taxes, another city could get it by default," Solenberger noted. "Let's vote for the bond issue Saturday."

"By voting 'Yes' Saturday for better sewers we can eliminate raw sewage backing up into our basements. We can make our city healthier, and we can increase the value of our property."

Labor Temple Association is 50 Years Old

The Tri-City Labor Temple Association will celebrate its 50th birthday Friday, but without fanfare or ceremony, according to Carl Heaton, president of the association for the past 31 years.

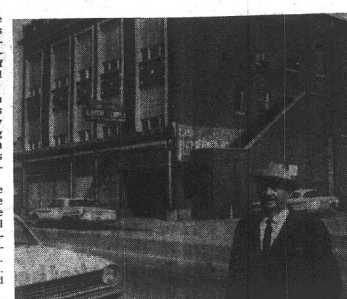

Heaton said the association will go about its business as usual on its Golden anniversary in its 47-year-old temple building at 2014 State street. Construction of the three-story building was the principal objective of organizing the temple association.

The Tri-City Labor Temple Association was organized on the night of May 5, 1917 in the Trades and Labor Council Hall by a board of directors consisting of J. E. Wigger, E. H. Taylor, W. Eastburn, Harry R. Trot, W. H. Ballard, Robert J. Dixon, L. William Grand and Ben F. Weaver.

Organization procedure was completed that night with the election of Wigger as president, Eastburn as vice-president and Weaver as secretary-treasurer. The board then adopted a constitution and by-laws in which Section Two set out the object of the organization:

To Provide Building
"First, to provide a building or place where the members of organized labor or of any branch, union, society or association thereof may meet, congregate or associate for social or business purposes in the city of Granite City, Ill."

The by-laws set up a \$1 per month per capita tax, payable quarterly, on affiliate organiza-

tions, and provided that each union affiliate in good standing name one delegate to the association board.

The newly-formed association lost little time in launching its program to build a labor temple. In a meeting May 21, 1917, a committee was named to check with all labor organizations to

determine what they would be willing to contribute toward the purchase of a lot.

The following June 18 the association committee that a 60-foot lot was available from the Niedringhaus-trustees at a price of \$3000, and that it could be bought for \$2000 down and \$1000 every 30 days to complete payment within a 90-day period. If that could be done, the committee reported, there would be no interest on the transaction.

Award Contract on Lot
On the same night the board of directors authorized a contract under these terms and heard a report from another committee that eight labor organizations had indicated they would contribute from \$50 to \$500 toward the purchase of the lot, with the understanding they would receive bonds for repayment of the amount at a later date.

The association board proceeded immediately with planning for the new building and on Jan. 5, 1918, accepted the lowest of six bids for construction work, awarding the contract to H. B. Grider on a bid of \$44,400. On March 18 the board approved a resolution authorizing negotiation of a loan of \$25,000 from the Staunton Home Association of Staunton, Ill., and the issuance of \$25,000 worth of bonds in \$100 and \$25 denominations.

The bonds were distributed to those organizations which had advanced funds and were sold, primarily through the Granite City Trust and Savings Bank. Construction was under way by April 1918.

Original Minutes on File
The book containing the minutes of the original board, still among the records of Edwin F. Reiske, now secretary-treasurer of the association, reveals an incident that accompanied the start of building work.

The entry, under date of April 15, 1918, said:
"Chairman Healy (Fred W. Healy) of Building committee reported that contractor had made an effort to use non-union brick . . . that he had got in touch with rest of committee and stopped unloading of same. Committee action was indorsed by the board."

Heaton, current president of the Labor Temple Association, first was elected in 1936. For many years he was a member of Local 11 of the United Steelworkers. He now is employed as

a clerk of the circuit court in Granite City.

The building was completed at a cost of \$75,000 and was dedicated in November 1920.

Dedication Ceremony
The Friday, Nov. 5, 1920 edition of the Press-Record gave the following account of the Labor Temple dedication.

"The program in connection with the dedication of the Tri-Cities Labor Temple Sunday afternoon, has now been completed and the committee in charge has arranged for some good numbers for those who attend the celebration in the Labor Temple building, Niedringhaus avenue and State streets.

Members of union organizations, their families and friends in the Tri-Cities, are invited to attend and a large crowd is expected. Several out-of-town visitors will also be present. A dance will feature the evening program, a 12-piece local orchestra having volunteered to donate their services toward the Temple fund.

The dedication exercises which will begin at 2:30 in the afternoon includes the following program: St. David's Male Chorus; Invocation, Rev. T. J. Wyen, pastor of Baptist Church; Solo, Miss Beattie Morgan; Solo, "Open the Gates of the Temple," Mrs. Wether of Mine; Mr. John Hopkins; Address, John H. Jarrett Urges Remedy Of GC Sewer Problems

Earl "Fuzzy" Jarrett, new Seventh Ward alderman, today gave his thoughts on Saturday's sewer bond election. "I wouldn't try to tell anyone how to vote, but I think Granite City needs its No. 1 problem solved. I feel a 'Yes' vote will be a step in the right direction.

"I can remember when, as a boy growing up in Granite City, we would have a hard rain. Much water was left in the streets and basements of homes. Afterward, a person could use a boat to get around the neighborhood. Basements usually took six or eight hours to clear, after you waited three or four hours for the water to go down the inadequate sewer system.

"This doesn't count all the bad health features of that era—stagnant water, raw sewage, infant, etc.

"I would like to be able to leave town for a vacation or weekend without having to worry about my basement flooding. Yet, if I leave without the plug in, it will surely fill up while I'm gone.

"I may not understand all the engineering features of sewers, but the people I talk to tell me this issue will be inspected more than any we've had before.

"If we want a better city, state and country, at a reasonable price, let's stand up and be counted by voting 'Yes' Saturday.

'Southern Illinois' Day Is Set May 10

More than 500 Southern Illinois business leaders and hundreds of high school band members will converge on Springfield Wednesday, May 10, to mark "Southern Illinois Day" which has been proclaimed by Gov. Kerner.

Alderman Dawes Says 'Yes' Vote Is a 'Must'

Eighth Ward Alderman Emerald Dawes told the Press-Record today that "I'm for the bond issue. If Granite City is to progress, we must pass it. The sewer program is a step forward, and we must take that step by voting 'Yes' Saturday.

"It will benefit my ward and the entire city. I feel each and every one of us owes a 'Yes' vote to ourselves, our fellow citizens and the betterment of our community. If we get out and vote for it, we'll find out this year and in the years to come that it was the right thing for our city."

The first day of May is annually celebrated as Law Day U.S.A. We suggest it should be Law Day all year 'round.

How's your legal health?

Give yourself this simple test

1. Is your will up to date?
Changes in state laws, in federal statutes, in your family relationships, in Treasury Regulations, in court decisions, in your financial status and in inheritance taxation may have materially altered the results which you sought to attain by your will. Have you reviewed your will with your lawyer lately?
2. Are your records adequate?
Income taxes, estate taxes, real estate taxes, inheritance taxes all may be vitally affected by the records which you keep with respect to your financial transactions and your property ownership. Your lawyer can set you straight.
3. Is your ownership of real estate clear and complete?
Your title insurance policy, leases affecting your property, the rights of others in your real estate, and improvement contracts relative to your real estate may require the examination and suggestions of your lawyer.
4. How do you hold title to your real and personal property?
In joint tenancy with your wife? In your wife's name? As a tenant in common? In your own name? In a land trust? Each of these methods of holding title may have a different effect on your tax status and on your ownership. Your lawyer can advise you as to the best method of property ownership for your particular situation.
5. Are you a participant in a retirement plan?
Or a pension plan; a profit sharing plan? How do you stand with respect to Social Security? Your lawyer can suggest how best to set

up your participations for the greatest advantage to yourself, your family and your heirs.

6. Are there new federal, state or municipal laws or ordinances which affect you?
Your lawyer can bring you up to date and can instruct you on how to obtain maximum advantages or to diminish liabilities.

7. Have there been changes in the amounts, nature or availability of any of your assets or property?
Your lawyer can counsel you on how best to adjust to the new situation—and to make the most out of what you have.

8. Do you carry on business through the type of legal organization most advantageous to you?
Do you operate through a partnership, a corporation, sole ownership or a trust? Your lawyer can recommend the best method for your particular situation.

9. Should you make gifts to your family or establish trusts for their benefit?
Substantial tax benefits may be available to you through such actions. Your lawyer can tell you.

10. Are you adequately protected against liability from accidents or other causes?
Are you safeguarded against mishaps of your family or your employees? Are all of your possessions properly protected against loss or damage? Your lawyer can help advise you.

Most everyone agrees that an annual medical check-up is a good idea. Questions such as those above make everyone realize that another good habit is an annual legal check-up. Call your lawyer for an appointment now. It's a wise man who believes in preventive medicine... from his doctor and his lawyer.

\$3930 Bid Ok'd to Remodel GC Old Council Room for Offices

A lone bid for remodeling the old city council room on the second floor of the city hall was approved Monday night by Granite City council members with a deadline date for completion in time for the June start of tax collections.

The cost will be \$3880 with the work to be done by Sisto Bertachi & Son Co.

With the remodeling, Comptroller Robert Stevens will move his office into one of the rooms to be created in the old council room. The remainder of the space will be converted for a magistrate's courtroom.

The job is to be completed in three weeks, and City Treasurer E. R. "Pat" Rich, who handles not only the collection of taxes but also sewer rental and sewage treatment plant rental fees, will occupy the offices to be vacated by the comptroller. Rich now shares office space with City Clerk Homer "Cal" Pendleton. The two offices are connected with a walkway over the main entrance stairway.

In other action, the council gave permission to J. D. Doyle, 2128 Adams street, to erect a garage on his property with a side yard variance. Alderman Paul Rutledge, chairman of the

Approved was a condemnation resolution for property at 2341 August street, which has been termed a nuisance.

Sewer Plan Needed for City Progress-Moore

George E. Moore sr., 1967-68 treasurer of the Granite City school district, told the Press-Record today, "I urge all Granite City voters to support the sewer proposal Saturday."

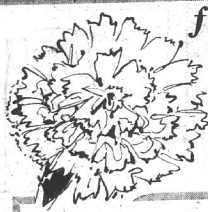

"Let's see to it that our city

continues to be one of the finest and most progressive in the state.

"We have a city we can be proud of," Moore added. "Passage of the sewer program will do a lot to retain this pride."

Randall Robertson Asks For Sewer 'Yes' Vote

Importance of a "Yes" vote in Saturday's special sewer election was stressed today by Attorney Randall Robertson, who said that Granite City is at a "crossroads."

"In 1948, almost 20 years ago, the question of merging Granite City with the city of Nameoki was submitted to the citizens of those cities. Fortunately, those citizens made the right choice; Nameoki was annexed and no one now seriously doubts the wisdom of that step.

"We are again at a crossroads with the same choice. Nineteen or twenty years from now we will be happy that we supported the bond issue proposal on May 6, and moved forward," Attorney Robertson said.
